

We are pleased to invite you to the Evaluation of Innovation  
Policies Workshop:

## **Evaluation of EU RTD Programs as a Part of Evaluation Culture Development**

**Thursday, 21 September 2023**

**The Institute of Economics, Zagreb, Conference Hall, 1<sup>st</sup> floor,  
Trg J. F. Kennedyja 7, Zagreb,  
at 10:00 a.m.**

---

The Institute of Economics, Zagreb is organizing an event to introduce Monitoring and Evaluation (M&E) practices for EU cohesion programs and certain S3 programs to expert audiences, researchers, and policymakers. On the one hand, a daily need for evaluation mechanisms in public policy practices developed in Croatia recently but, on the other hand, it seems like the overall evaluation practice is developing slowly. Special focus will be placed on seeking mechanisms to promote the evaluation culture in Croatia and on investigating which roles individual stakeholder groups (public administration, academics, consultants, and civil sector) play in the process.

As the keynote speaker is **Jan-Philipp Kramer (PROGNOS AG, Brussels)**, the event will be held in English.

You can find more details about the event and the program in the attached document. Please confirm your attendance by e-mail to: **[mpongprac@eizg.hr](mailto:mpongprac@eizg.hr)** or phone: +385(1) 2362 204 by Friday, **15 September 2023**.

We look forward to your attendance!
